SPORTSCOPE

by Donnie Bernshouse

Hi, there, all you avid sports fans! This the Sportscope bringing you some real cool predictions. You say you want to know who's going to win the Interscholastic Football Championship?

This reporter rates Punahou first, followed by Roosevelt, St. Louis and Iolani. But in our view it's Punahou all the way—just a little too much weight, depth and power for the other teams.

Of course, there's nothing that says that Roosevelt and St. Louis can't win, so the outcome is still uncertain. We count Iolani out because they just don't have the weight and depth that the other three teams have.

Let's give all of our support to the tennis team this year. From all indications so far, this ought to be a real good year for all 14 players on the team.

Just as this story is being finished the Roosevelt-Punahou score has come in. Punahou won, so it looks like Punahou will be up there in number one spot at the end of the season.

Girls Intramurals

The girls intramurals are being held on Wednesday and Friday afternoons from 3 to 5 o'clock.

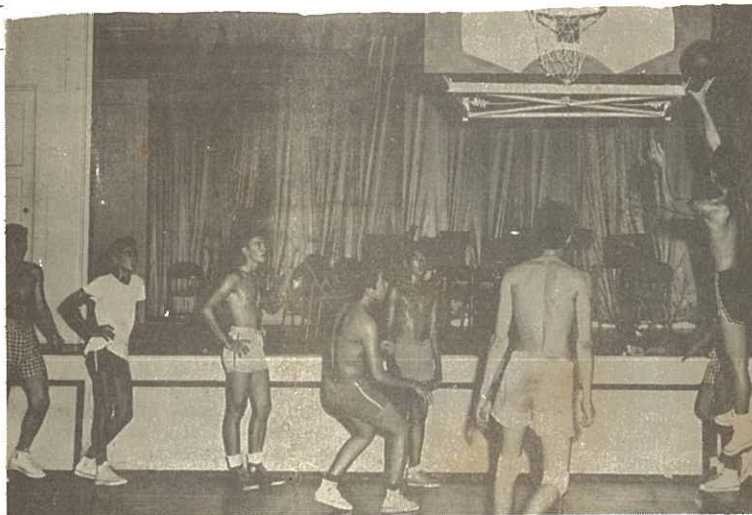

At present the girls are now playing basketball and will later play volleyball, badminton, speedway, field hockey, softball, horse shoe and table tennis.

Teachers for the 7th and 8th graders are Miss Keiko Nishi and Miss Janice Takata. Miss Ethel Abe and Miss Suemi Nishi teach the upper classmen.

SOCIAL SUCCESSFUL

8th GRADE GIVES
ASSEMBLY NOV. 5

Mr. and Mrs. Alumni revisit University High School in next Friday's 8th grade assembly, "School Daze". They are carried back to the "good ole days" when they, too, were 8th graders.

Accordion and piano renditions, hula and ballet numbers and hilarious skits make up the program. For the first time, the 8-105 chorus, under the direction of Mr. Ray Okimoto, will present a choral number, "I Believe".

Both 8th grade classes are working together in presenting this assembly which is the first of the class talent assemblies planned by the Assembly Committee. Both classes have been working hard to make this assembly a success.

The 8-104 class will present a short skit which is a take-off on "The High and the Mighty". The other 8th grade class skit is "The Sad Plight of UHS Teachers". All of the skits will have an all-student cast. The students will have an opportunity to role play in many of the skits.

Opening the Friday assembly will be Master of Ceremonies, Francis Oda. Miss Alberta Nobu and Miss Amy Munechika, 8th grade teachers, are directing the students in planning and carrying out the assembly.

French Women Visit

Mrs. Ramonde Haas, Miss Monique Flory and Mrs. Colette Lindgren, French women who came to the islands about four months ago, visited Mr. Petersen's French class last Thursday, Nov. 21. Mrs. Haas is from New Caledonia and Miss Flory and Mrs. Lindgren are from France.

Mrs. Lindgren showed slides of her home in Nice and the French Riviera.

French schools, every-day life in France and her colonies, clothing, boy-girl relations in France and her colonies and places of French influence were discussed by the women.

The class has invited the ladies to come back. They are going to prepare Hawaiian food for them as they haven't had any yet.

UHS students dance to the music of Halls Mello-Seranaders.

GOV. KING SPEAKS

Governor Samuel W. King spoke at an assembly during second period last week Thursday on the functions and duties of the governor and legislative issues in general.

The assembly was put on by Room 10-207 as part of their unit on territorial government.

It was presented in a panel question and answer form. The panel members were Rhonda Blais dell, Toni Enos, Pat Collins, Fuulei Werner, Sherman Tom, Harrison Thurston, Ronald Mizuno and Ronald Murashige. Moderator for the panel was Harriet Sakuma.

Some of questions brought up were about the school building program, the new civic auditorium location, the federal-territorial tax relationship and the relationship of the governor's office and the other territorial and federal agencies.

The assembly was opened by Bernadine Tom, student body president. The National Anthem was sung by the chorus with the audience joining in.

"Hawaii Ponoi" was sung at the close of the assembly.

DR. MARTIN RETURNS
FROM MAINLAND TRIP

Dr. Martin, principal, returned Sunday from a ten day trip to the mainland where he attended a conference at Bolling Field, Washington.

He and Dr. Everly, professor of education at U.H., were two of twenty representatives from colleges and universities throughout the United States who were invited to the Aviation Education Conference by Major General Louis Beau, Head of the Civil Air Patrol.

At the conference, which was held October 18, 19 and 20, they planned a series of summer workshops for teachers to be held at their various universities and colleges.

ENROLLMENT UP

University High School enrollment for the year 1954-55 is 295, whereas in 1950-51 it was only 189. This number is an increase of 106 students in four years or about 25 more students added yearly.

In 1952 there were 216 pupils in 1953, 243 and in 1954, 270 students.

The breakdown in grades for this year's 295 students is as follows:

Grade	Boys	Girls	Total
7	26	28	54
8	30	30	60
9	26	26	52
10	24	30	54
11	22	26	48
12	14	12	26

The boys are outnumbered by the girls by a small margin of 10 at University High this year.

HAPPY HALLOWEEN!!

OCTOBER 31st

Yours sincerely.....

Already a month and two days have gone by since the beginning of the school year.

Both Journalism classes with eight students in one class and nine in the other have put out a newspaper.

From students and teachers alike we would like to have your reactions on both papers. Tell us why the paper was terrific or "for the birds" or better still, wonderful!!

We want your reactions and your suggestions. If we can, we will do something about them. We believe in this case, that 365 heads are better than 17.

This is your paper----be able to enjoy it. Your letters should be put in the back of the Journalism room (203)

INTERMEDIATE GRADES SET PACE ON ASSEMBLIES

The 8th graders are setting the pace.

The 8th graders are setting the pace for the Assembly Committee's plan of scheduling a talent assembly each month. At their November 5th assembly the 8th graders will present a talent program, "School Daze."

The committee's plan is for every class to present a talent assembly. These monthly assemblies could include educational material, such as the 10-207 class has done.

Eddie Kitaoka, chairman for this committee says, "With this pace, the assembly committee hopes to make this year the year the most interesting assemblies. It is requested that all rooms look sincerely into this plan."

CONFIDENTLY SPEAKING

Dum, Da, DUM, DUM....Ever watch television? Ever see "Just Kids" with Chubby Roland Saturday afternoons? Ever see the queer looking character with pince nez glasses named Professor Fuddle? Ever hear him tell a story and get everything mixed up?

Well, the character we are referring to is none other than Mr. Leroy Weber, supervisor of 8-1051 Have you recovered?

Mr. Weber says that working on a T.V. show every week sometimes gets monotonous but as he tells the stories he imagines his two children Nancy and David who faithfully watch the show on Saturdays.

To kids all over Honolulu he is Professor Fuddle; to his children he is not only a daddy but a star as well.

UNIKI NEWS

The Uniki Staff is planning a pre-sale publicity week, Nov. 8 to 12. They are planning some "real sharp" publicity stunts that week, Sylvia Park, business manager, announced.

Staff members will be going to the classrooms to give pep talks to encourage the students to purchase Uniki during the sale week, Nov 15-24.

The staff urges all students to purchase Uniki because:

a. It is a complete record of the school year.

b. It is a round-up of the year's activities that are not available elsewhere.

c. In years to come it will serve as valuable book in recalling classmates and friends.

d. Student will receive out of book more than he paid for it.

e. The yearbook is something everyone can treasure all his life.

The Seniors will be on a camping trip from Oct. 31 to Nov. 2. They will be at Hale Kipa.

ROVING REPORTER

A roving reporter recently went into the cafeteria and found a great variety of answers to the question: "If the cafeteria was appropriated more money, what would you suggest should be bought to improve the cafeteria?"

LAWRENCE STAHR: Air Conditioner--it's too hot in here.

BRIAN WRIGHT: Free lunch for cafeteria monitors.

STANLEY OKUMOTO: All kinds of new machines.

PETER MATSUMOTO: A tray washer, so work will be done much faster; economical. (He washes trays!)

HEDY NAKAMURA: Gloves! (She wants to retain her "Ivory" hands.)

ROBERT OSHIMA: Have the interior of the cafeteria decorated, to make the workers feel more at home.

ELLLEN KOJIMA: A tray drier. Then people who are now 'wiping' trays can be doing something also so that they can go to class earlier.

"ZAK" (University Helper): New dish washer and an air conditioner.

MISS KUMIOKA: (Cafeteria Manager): A new dish washing machine that costs at least \$2,000 and another \$100 to install and a steam table to keep the food warm.

Y-Teen

Girls belonging to Y-Teen clubs in Honolulu will observe Y-Teen Roll Call Week, Nov. 7 to 13. A recognition ceremony at the First Methodist Church with guest speaker, Mrs. Thomas Crosby, will officially open the week on Sunday, Nov. 7 at 1:30 p.m.

Following the ceremony will be the World Fellowship program with talents from the various high schools. Included in the week's activities will be a service project to sew pajamas for the Salvation Army. The week will be climaxed by the Velvet Moon Dance in Fuller Hall.

The contestants for the Miss Y-Teen Contest, selected from the nine senior high schools, as their candidate for Miss Y-Teen, will be interviewed by Eddie Anderson, KHON disk jockey. "Penny a Vote" will take place at 7 p.m., before the dance. All proceeds from the dance and the Miss Y-Teen Contest will go to the National World Fellowship Fund. The public is invited to attend.

Sixteen students will represent University High in the Pacific Asian Affairs Conference to be held tomorrow, October 30, from 9 to 10 a.m. UHS will be host to representatives from Punahou and Farrington.

University High School sophomores, juniors and seniors attended this convocation.

The time for witches, cats, bats, pumpkins and trick-o-treat has come again. This Sunday night millions of kids will be celebrating Halloween.

GOSSIP

Well, well, here we are again folks, bringing you another column of juicy gossip.

It seems as though there was a fad going on this summer. Many couples broke-up. First of all there was R.S. and N.L., then M.T. and D.C., C.C. and L.I., and W.U. and T.E., just to mention a few.

What two new students are giving the boys a bad time?....Did you hear about three boys setting the cafeteria clock forward half an hour? Instead of leaving at 3 o'clock they left at 2:30.....It seems as though "FEE-WEE" SHACKLEY is gone over a new student, and I mean "real gone!".....WILLIAM MURAKAMI'S

ARTIST TALKS TO 7th GRADE

by Sue Dunbar

On October 19, 7-4 had a guest speaker, Mr. Jean Charlot, well-known island artist and art instructor at the University of Hawaii, as part of the unit on the contributions of famous people.

Most of the people we have been studying about have been those who made their contributions many years ago. So our teachers thought that if we had Mr. Charlot, it would teach us that there are many people alive today who are making fine contributions.

Mr. Charlot, as you probably know, has illustrated young people's books. He told us how hard it really was to make pictures to fit the story. First, he had to get in the mood for painting that special story. Then he had to study the subject for his painting. When he made pictures for a train story, he had to learn about trains and from that he would make his own train drawing. Jokingly, he said once he had to go to the North Pole to see the snowshoe rabbit because he was doing pictures about a snowshoe rabbit.

He had trouble with the publishers, for many times he could not draw things the way they wanted them. The psychologists told him that some of his pictures frightened small children. Mr. Charlot said that the best psychologists were his own children who told him when his pictures were good or not.

After his talk, one of the students asked him to draw on the blackboard. Mr. Charlot asked for suggestions. One student said, "Draw Miss Davis." Miss Davis turned out to be a blond!

Mr. Charlot drew an old-fashioned train. In the cars he drew some of the 7-4 children's faces. The following people posed for their portraits: Lynne Smith, Linda Fujioka and David Walden. All of the drawings were very original.

From his visit I think 7-4 learned how Mr. Charlot develops his pictures, what his method of painting is and what he paints about.

7-4 enjoyed his visit very much and appreciated the time he gave us. I hope all of you will have such a wonderful opportunity to meet Mr. Charlot.

(Cont. from Col. 3)

called All Hallow's Eve and gradually changed to Halloween as we know it today.

The modern custom of decorating for Halloween parties with pumpkins, leaves and cornstalks comes from the Druids, the early people in Brittain who celebrated their autumn festival at this time of the year. They built large bonfires to scare ghosts, spirits, fairies, witches and elves away.
