Presented by the
University Laboratory School Foundation
& ULS Alumni Association

Message from ULS Foundation President

ALOHA Lab School Alumni, Parents, & Community Supporters,

Please join us this summer as we celebrate the 27th Annual ULS Golf Tournament. While athletic competition runs in our blood, this tournament is a great reason to come together with the ULS 'ohana for fellowship and fun! There's no better way than to be on the course on a Hawaiian summer day with friends to support the school.

The University Laboratory School Foundation (ULSF) was established in 2013 by alumni to explore and cultivate fundraising efforts to support University Laboratory School. Your donations go into our endowment which provides an annual grant to the school, funds for various programs, scholarships, athletics & more.

On behalf of ULS, the Foundation, and its proud Alumni, thank you for your generosity.

Mahalo,
Romeo Gampong (Class of '90)

All Players will receive a ULS Golf Tournament T-shirt!
